

Tectonic plates of the world

tectonicplatemaps.com

Labelled reference map

Dark lines: plate boundaries. Pale land shapes: coastlines. Plates extend beneath both land and ocean.

Simplified PB2002 model. Labels identify 14 selected plates; smaller model regions are also shown.

PB2002: Peter Bird (2003); Hugo Ahlenius / Nordpil. ODC-By 1.0. Coastlines: Natural Earth, public domain.
